Harris Model 500 Web Offset Press

Fixed Size Web Offset Press

THE HARRIS 500 PRESS IS RECOGNIZED WORLD WIDE AS THE "WORKHORSE" IN THE BUSINESS FORMS INDUSTRY FOR SHORT RUN PRODUCTION.

The Harris 500 press is ideal for short run business forms applications.

Over one thousand of these presses have been produced over several decades. The majority are still in production.

The 500 press is simple to operate and simple to maintain.

It can be configured up to six print towers. Numbering, file hole and line hole punching and cross perforating are standard features on this press.

Cylinder circumferences of 14", 17", 22" and 24" are available to produce the standard business forms sizes. The 17.5" web width allows for two wide production for improve productivity on longer run jobs.

Finishing options include roll-to-roll, roll-to-fold or roll-to sheet. Inter-stage UV dryers are optional for heavy coverage printing.
